Hello

We just received confirmation from the attorneys that unfortunately your dependent case was denied by the authority, The INM no longer gives the reasons why the visa was denied due to national security, it only mentions that there was some inconsistencies during the information provided in the interview.

Visa details update in **Ultimatix --> GESS --> Travel--> My travel essentials --> WP/PR details** are mandatory for self (associate) and for the dependents. It is the sole responsibility of the associates to check the visa expiry dates for self and dependents and apply for visa renewals through visa team before the visa expiry, by submitting all the approvals and documentation on time.

Immigration status (FM3/ DV) should not be revised without taking prior review/approval from HR. Necessary disciplinary action will be taken if the process is not followed.
